YOSAL is mindful that young people need special safeguards and privacy protection. We realize they may not understand or be able to meaningfully consent to the provisions of our policy. We strongly urge all parents or legal guardians to understand and teach their children about protecting their personal information. To provide the services we offer we sometimes need to collect certain information about children in both online and offline contexts. If we ask for personal information from children under 13 in connection with our online services, where required we will comply with the Children's Online Privacy Protection Act (COPPA), including taking additional steps to protect the privacy of such information, including

- obtaining verifiable consent from the parent or legal guardian of the child before collecting or using the child's personal information;
- notifying parents about what personal information is being requested and how that personal information will be used and/or shared, such as through this policy;
- limiting the online collection of personal information from children to no more than is reasonably necessary to accomplish the purpose of the collection;
- giving parents a description of and access to the personal information we have collected from their children;
- offering them the opportunity to request that such personal information be changed or deleted;
- offering them an opportunity to prevent any further use or collection of information about their children; and
- maintaining reasonable procedures to ensure the confidentiality, security and integrity of the personal information collected.
